

PRESS RELEASE

14 June 2010

Toilets Reopen

The Toilets on Wilton Road will reopen on Tuesdays and Saturdays between 9:00am and 3:00pm from Saturday 3rd July until Tuesday 5 October and some other adhoc days as necessary.

Councillors at a Special Policy Finance and Administrative Committee managed to identify an extra stream of funding which will allow them to open and although they will not be fully attended they will have arrangements in place to ensure security and maintain an adequate standard. Further good news is that the Council will not be charging for their use.

Councillor Malise Graham said "the reopening is for a temporary period, following several request from bus operators. The budget for 2010/11 is already tight and the Government has made it clear that there will be cuts in public spending next year so the future of Wilton Road toilets will be reviewed again when we look at all budgets in the autumn and Councillors decide on their priorities for the limited resources."
